6. Photography

We are all well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within a swimming gala setting are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identify a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Parents and carers of participants under the age of 18 who wish to take images are requested to focus on their own children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms. Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their own children when taking part in aquatic events, it should be recognised and respected that other parents/carers may not wish for their child's image to be taken and shared in this way.

Diss Otters Swimming Club encourage all spectators/participants to make themselves familiar with the photography and filming arrangements and be vigilant during the event. Should individuals have any concerns about photography or filming at the event, this should be brought to the immediate attention of the Meet Promoter.

7. Safety and Pool Rules

- Swimmers must use the changing rooms when changing – do not change poolside.
- Swimmers are not allowed poolside until the coach, gala promoters and lifeguard are present.
- No flash photography is permitted.
- Swimmers and coaches should wear appropriate footwear poolside.
